

DVV CLARIFICATIONS

2.3.2 The Institution has provision for the use of Clinical Skills Laboratory and Simulation Based Learning

The Institution:

1. Has Basic Clinical Skills Training Models and Trainers for clinical skills in the relevant disciplines.
2. has advanced patient simulators for simulation-based training
3. has structured programs for training and assessment of students in Clinical Skills Lab / Simulation center
4. conducts training programs for the faculty in the use of clinical skills lab and simulation methods of teaching learning

HEI Input: A. All of the above

Note: The supporting documents for this metric are too large to be uploaded, exceeding the 5Mb limit. Therefore, they have been made accessible on the HEI website, and links to access the metric are provided below;

DVV Clarifications	HEI Response
<ul style="list-style-type: none"> • Proof of Establishment of Clinical Skill Laboratories • Proof of patient simulators for simulation- based training • Report on training programmes in Clinical skill lab/simulator Centre • Details of training programs conducted and details of participants. Geotagged Photos of the Clinical Skills Laboratory 	<ul style="list-style-type: none"> • As sought by DVV, HEI has enclosed all the proof which is required for the metric • Establishment for the Clinical Skill Laboratories at the university. • Documentation confirming the availability of patient simulators for simulation-based training is provided. • A report detailing the training programs conducted in the Clinical Skills Lab/Simulator Centre is attached. • We have included details of training programs conducted, along with participant information and geotagged photos of the Clinical Skills Laboratory.
