As per Section 2(f) of UGC Act. 1956

1.3.1 Institution integrates crosscutting issues relevant to Gender, Environment and Sustainability, Human Values, Health Determinants, Right to Health Issues, Emerging demographic changes and Professional Ethics in the curricula

Response:

Integration of Cross-Cutting Issues in the Curriculum

Y.B.N. University, Ranchi, demonstrates its commitment to holistic education by integrating cross cutting issues into its curriculum.

Gender Sensitization

The university actively promotes gender equity and inclusivity through various courses, workshops, and activities designed to create awareness and foster sensitivity among students and staff.

- **Gender Studies Courses:** Core and elective courses on gender sensitization address issues like gender inequality, gender-based violence, and empowerment. These courses are part of programs such as sociology, psychology, and teacher education.
- **Awareness Programs:** Regular gender awareness campaigns, seminars, and guest lectures by activists and scholars provide insights into societal challenges related to gender discrimination.

Environment and Sustainability

Recognizing the urgency of environmental challenges, Y.B.N. University integrates environmental education and sustainability principles across its curricula.

- **Environmental Studies:** A mandatory course on Environmental Science is offered to all students, covering topics like biodiversity, climate change, waste management, and renewable energy.
- **Field Projects:** Students engage in field projects and research on topics such as water conservation, afforestation, and renewable energy solutions.
- **Green Campus Initiatives:** The university organizes activities like tree plantation drives, energy audits, and plastic-free campus campaigns to instill sustainability practices.

Human Values

Human values form the foundation of the university's educational philosophy. Courses and activities aim to develop moral integrity, empathy, and social responsibility among students.

- **Value Education Courses:** Dedicated modules on human values focus on topics like ethics, compassion, respect, and cultural sensitivity.

Established by the Act. of Government of Jharkhand Act. 15, 2017

Gazette Notification No. 505, Dated 17 July 2017

As per Section 2(f) of UGC Act. 1956

- **Community Engagement:** Students participate in community service projects, such as literacy programs, health camps, and rural outreach activities, fostering empathy and social responsibility.

Health Determinants and Right to Health

The university addresses health-related issues through interdisciplinary courses and activities that emphasize the determinants of health and the universal right to healthcare.

- **Community Health Programs:** Healthcare students engage in rural health camps, vaccination drives, and public health awareness initiatives, promoting equitable access to healthcare.
- **Health and Wellness Courses:** The curriculum incorporates health education modules covering physical, mental, and emotional well-being, highlighting the importance of holistic health.

Emerging Demographic Changes

Courses at Y.B.N. University are designed to address demographic transitions and their implications for society, economy, and healthcare.

- **Demographic Studies:** Programs in sociology, economics, and public health analyse the impact of population aging, migration, and urbanization on resource allocation and policy development.
- **Research Projects:** Students undertake research on emerging demographic trends, such as urbanization, workforce diversity, and population growth, to provide insights into sustainable development strategies.

Professional Ethics

The university emphasizes professional ethics to ensure that students uphold the highest standards of integrity, responsibility, and accountability in their professional lives.

- **Ethics Modules:** Courses across disciplines include ethics components tailored to respective fields, such as medical ethics, business ethics, and research ethics.

Holistic Learning Environment

In addition to formal coursework, the university fosters a learning environment that reinforces these cross-cutting issues through extracurricular activities, events, and collaborative initiatives.
