## 4.2.2

**Describe the adequacy of both outpatients and inpatients in the teaching hospital during the last five years vis-à-vis the number of students trained and programmes offered (based on HIMS / EMR) within 500 words**

### **Response:**

Y.B.N. University, Ranchi, stands as a beacon of academic and healthcare excellence, blending education with clinical exposure. Its teaching hospitals—Tribal College of Nursing Campus and Maa Kalawati Homoeopathic Medical College & Hospital—are pivotal in training students while delivering quality medical care to the community. Over the past five years, these hospitals have supported thousands of students and treated numerous patients, reflecting the institution's dual commitment to education and societal welfare

### **Comprehensive Educational and Clinical Services**

The teaching hospitals serve as the cornerstone for programs in nursing, physiotherapy, homoeopathy, and paramedical sciences. Courses like B.Sc. Nursing, BHMS, BPT, and MPT integrate rigorous academics with real-world clinical training. In the past five years, over 5,000 students have gained practical experience in diagnostics, patient care, and management strategies, ensuring their readiness for professional challenges.

### **Outpatient Services**

The hospitals' outpatient departments (OPDs) provide crucial healthcare services while offering valuable training for students.

### **Annual Footfall**

Tribal College of Nursing OPD serves 20,000 patients annually, covering pediatrics, gynecology, dermatology, orthopedics, and general medicine.

Maa Kalawati Homoeopathic OPD caters to 25,000 patients yearly, specializing in homoeopathic treatments.

### **Clinical Exposure**

Students actively participate in patient consultations, history-taking, diagnostics, and treatment planning, supervised by senior clinicians. Equipped with modern pathology labs, radiology, and biochemical testing facilities, the OPDs provide comprehensive diagnostic support.

### **Inpatient Facilities**

Inpatient care enriches student learning by offering deep insights into disease management.

### **Bed Strength**

Established by the Act. of Government of Jharkhand Act. 15, 2017

Gazette Notification No. 505, Dated 17 July 2017

As per Section 2(f) of UGC Act. 1956

---

Each hospital houses 100 beds, distributed across specialized wards, including general medicine, pediatrics, maternity, orthopedics, and rehabilitation.

## **Advanced Units**

Intensive Care Units (ICUs) and Neonatal Care Units (NICUs) provide hands-on experience with critical care cases.

## **Patient Statistics**

Over five years, the hospitals have treated 20,000 inpatients, exposing students to pre-operative, operative, and post-operative care.

## **Specialized Training in Allied Health Sciences**

### **Nursing Education**

Nursing skill labs simulate real-life scenarios, enabling students to practice essential techniques. Community health camps extend their learning to underserved areas.

### **Physiotherapy and Occupational Therapy**

State-of-the-art rehabilitation units train students in managing neurological conditions, musculoskeletal disorders, and post-surgical recovery using modern therapeutic techniques.

### **Technology Integration**

The adoption of Health Information Management Systems (HIMS), Electronic Medical Records (EMR), and telemedicine enhances healthcare delivery and student learning.

### **HIMS and EMR**

Students gain insights into hospital operations and case study preparation through digital tools.

### **Telemedicine**

Provides exposure to remote consultation techniques, expanding healthcare accessibility.

### **Community Support Initiatives**

The hospitals organize health camps, awareness programs, and free check-ups, benefiting over 10,000 community members annually. These activities give students practical exposure to healthcare delivery in rural areas.

### **Holistic Impact on Education**
