The event aimed to provide a platform for students to showcase their creativity and skills in various domains like dancing, singing, mimicry etc within 20 sec.

A unique aspect of the contest was the digital engagement, where students were encouraged to create reels and upload them on the designated website. This interactive approach not only enhanced participation but also provided students with wider visibility and appreciation. The event saw overwhelming participation, with a large number of students (200 +) demonstrating their talents with confidence and enthusiasm.

All participants received Bingo Tedhe Medhe packet. The contest successfully fostered a spirit of creativity and self-expression among students, making it a memorable experience for all.
