

INCUBATION CENTRE

YBN University –Institution Innovation Centre (IIC)

Welcome to the Hub of Innovation at YBN University!

As part of our commitment to fostering a culture of systematic innovation and creative thinking, YBN University proudly hosts its **Institution's Innovation Council (IIC)**. The primary mandate of the IIC at YBN University is to inspire, encourage, and nurture young minds by supporting them to work with new ideas and transform them into prototypes while they are in their informative years. Our goal is to shift the academic paradigm from a purely rote learning model to a vibrant, hands-on ecosystem of cognitive development and problem-solving.

Driving the Innovation Mandate on Campus

The YBN University IIC serves as an institutional catalyst, working systematically to achieve the benchmarks set by the National Innovation and Startup Policy (NISP) and the Atal Ranking of Institutions on Innovation Achievements (ARIIA). We accomplish this through targeted, time-bound initiatives:

- **Innovation & Design Thinking:** Organizing hackathons, idea competitions, and interactive workshops that teach students how to identify real-world problems and engineer scalable solutions.
- **IPR & Technology Transfer:** Guiding students, research scholars, and faculty members through the complexities of Intellectual Property Rights (IPR), patent filing, and commercializing academic research.
- **Industry-Academia Interface:** Creating networking opportunities with external experts, successful local entrepreneurs, and investors to give our campus community real market insights.

YBN UNIVERSITY

RAJUALATU, NAMKUM, RANCHI (Jharkhand)

Established by the Act. of Government of Jharkhand Act. 15, 2017

Gazette Notification No. 505, Dated 17 July 2017

As per Section 2(f) of UGC Act. 1956

- **Pre-Incubation Support:** Functioning as the vital preparatory layer that refines early-stage campus ideas before they graduate into our University Incubation Centre.

A Call to Our Creative Minds

Innovation is not a solitary pursuit; it thrives on collaboration, curiosity, and the courage to question the status quo. Whether your passion lies in advanced technology, grassroots rural development, or sustainable health and wellness models, the IIC is your platform to turn curiosity into impact.

I invite all our students, research scholars, and esteemed faculty members to actively participate in IIC activities, register your innovations, and help us establish YBN University as a premier destination for research and entrepreneurship in Jharkhand and beyond.

“Innovation is the transformation of knowledge into value. Let us work together to build a future powered by indigenous ideas and entrepreneurial excellence.”

Dr Anuradha Palta, MA, PhD
Behavioural Psychologist
Assistant Prof.
Department of Psychology
Director of Incubation - IIC
Editor in Chief - IMJM-University Journal
